### **About Atrium Health Amphitheater:**

The new Atrium Health Amphitheater has up to a 12,000-person capacity with covered and fixed seats, lawn, green space, artists' dressing rooms, a green room, ticket booths, vendor and event areas, transitional walkways, specific areas for crews, retail areas, and other amenities. In May 2022, the venue management, hospitality, and partnership oversight were awarded to Oak View Group, current managers of the Macon Coliseum and Macon City Auditorium, bringing the Atrium Health Amphitheater in as the third venue within the Macon Centreplex.

The construction of the new amphitheater is part of a more significant revitalization effort surrounding the redevelopment of the Macon Mall. It will undergo a major redevelopment plan that would, in addition to building the amphitheater, keep its current retail stores, bring in more retail, attract new restaurants into and around the Mall, relocate government offices to vacant spaces, and include new sporting activities, such as a large indoor Pickleball center.
