

## We have to Build it Back!

### THE PATH – Flowing Wells Outdoor Theatre

**THE PATH** was created in 2020 to present the Gospel message outdoors -A beautiful wooded area filled with small performance spaces that brings the Bible stories to life.

Surrounded by trees, the audience sits among God's creation to hear the stories that are the foundations of our Faith and to experience the telling of it in a different way.

### Then It was gone...

When the hurricane hit, it took it all away. Over 100 trees lie on the ground that once stood strong and tall. They cover THE PATH and the performance spaces. Fences that once lined THE PATH are down, the Puppet House was destroyed as well as picnic tables and benches.

We have to build it back and would like to ask if you could help us do that? Will you make a Donation?
